# DEVIL2K

KEEPER OF THE HARDER STYLES — HARDSTYLE • RAW • HARDCORE

BIO

Nicolas has loved electronic dance music for as long as he can remember. Performing as Devil2K, he is a regular fixture at trendy clubs and events, primarily in Germany. He has been behind the decks since the turn of the millennium, with appearances on stages such as Q-Base, Nature One, and the Electric Love Festival shaping his style. This wealth of experience and dedication is poured into every set.

“Devil2K” is synonymous with high-energy sets and a broad spectrum of styles—ranging from dark and raw to euphoric and upbeat. For him, every set is a ritual, and the night only comes to an end when the dance floor has absolutely nothing left to give.
